

DOCUMENT TITLE	Invitation to Tender MAG/2009/03/Freight and Warehousing	DOCUMENT REFERENCE	CSS/ITT/003
AUTHOR	Peter Wright	DATE	19/06/2009
ISSUE	1	DOCUMENT TYPE	Invitation to Tender

### Questions and response

#### Question 1:

“Please provide the right customs number for the metal detectors for Luanda in order to calculate the duty and tax in Luanda, since the incoterm is DDP”

#### Response:

The customs commodity number is: 90318038

#### Question 2

“Please note we require the following information prior to quoting for military vehicles:  
details of shipper and receiver  
value

photo of unit

also confirm if unit is free of arms and or ammunition”

#### Response:

Shipper: MAG UK

Receiver: MAG DRC

Value: Specified in quotation scenario

Photo: Rhamba technical specification updated to include picture

We confirm the vehicle is free of arms and ammunition

#### Question 3

“MAG requires prices to be valid for the one year duration of the agreement. Do you require the freight rates to be fixed including surcharges such as BAF & CAF (in which case we would have to build in a margin to speculate) or do you require only the net rates to be valid for the contract period (in which case surcharges passed on at cost, evidenced by supporting documents).”

#### Response:

Only the NET rates please, with surcharges passed on at cost

#### Question 4

“We move from TGS on a regular basis where aid organisations have bought on terms FCA Algeciras (containerized). This is the common practice for TGS and clients in this sector. You have requested FCA La Linea. Do we quote FCA Algeciras (containerised) or FCA la Linea?”

#### Response

Please quote FCA La Linea to ensure a fair comparison across bidders.

#### Question 5

“Does MAG have a preference on the location of the warehouse or can we propose location/s basis your previous movement’s data?”

#### Response

Please propose locations based on previous movement data / economic advantage
