we're
looking for

# Technical Field Managers

**UKRAINE**

**JOIN OUR TEAM**

MAG
saves lives builds futures

# THE ROLE

**Since the Russian invasion of 24th February 2022, Ukraine has been subjected to heavy artillery bombardment, missile, and air strikes, as well as the use of landmines and cluster munitions.**

We have multiple opportunities for experienced explosive ordnance disposal (EOD) professionals to join our growing Ukraine programme to lead mine clearance teams with critical fieldwork OR lead in capacity building of our locally recruited staff to safely implement our life-saving mine clearance and EOD projects.

# ABOUT YOU

recognised and relevant EOD/demining qualification

extensive experience of managing efficient minefield clearance/EOD

excellent people management skills and proven experience in designing, managing and delivering training and quality assurance operations

excellent diplomacy and liaison skills to effectively build relationships with our national partners and authorities

# SALARY & BENEFITS

**Salary:** £71,830.20 per annum, including allowances (approx. $89,970 USD), increasing with service.

**Annual leave:** Starting entitlement of 6 weeks of annual leave plus an additional 10 days as hardship leave.

**Flights:** Three unaccompanied flights home from the country programme in each completed 12-month period.

**Accommodation**: All international staff are provided with accommodation in their programme location. This covers rent, tax, utilities, and internet.

***Insurance and an employee assistance programme are also provided. Please see the full vacancy for more information.***

# TO APPLY

To submit your application, please send a copy of your CV and the Candidate Profile Form to human.resources@maginternational.org
