

Job Specification:

Technical Field Manager

Department:	Programmes
Scale:	Technical 3
Line managed by:	Technical Operations Manager
Responsible for line managing:	National Staff

MAG’s vision is a safe future for women, men and children affected by violence, conflict and insecurity. People will live in communities where their rights are upheld, with dignity and choice and free from fear from mines, explosive remnants of war (ERW) and the impact of small arms and light weapons and ammunition.

MAG’s mission is to save lives and build safer futures. We will use our core skills and distinctive competenceto save lives through the removal of mines and ERW, and reduce the impact of small arms, light weapons and ammunition on people and communities. How we do this is as important as what we do – we work primarily with and for communities, for us ‘it’s all about people’.

Job Purpose:

To implement all aspects of mine clearance and EOD operations and related tasks in country of operation in accordance with Standard Operating Procedures and as required by the Technical Operations Manager (TOM).

To conduct training and day to day assessment and monitoring of all staff carrying out technical operations to ensuresafe practice and in order to build a local capacity for humanitarian mine action activities.

To support the TOM in ensuring overall safe execution of all MAG technical activities within the country of operation.

Job Description:

Technical

- Conduct and supervise field operations of MAG mine and EOD clearance operations.
- Co-ordinate with Community Liaison Advisors in the day-to-day planning and implementation of operations.
- Ensure full knowledge of and ensure implementation of all Standard Operating Procedures, drills and other work practices.
- Continually conduct risk assessment operations to ensure that the safety of operations is optimal.
- Conduct monitoring and evaluation of all operational tasks to ensure effectiveness.
- Conduct reconnaissance and survey of mine/ordnance contaminated areas as directed by the TOM.
- Ensure an in-depth and up-to-date knowledge of all mines and munitions in the theatre of operations.
- Ensure an in-depth and up-to-date knowledge of all relevant technical equipment in the theatre of operations.
- Support the TOM to ensure the maintenance and safe and appropriate storage of all necessary technical materials and equipment (including explosives and accessories).
- Advise and assist the TOM with the implementation of new systems and procedures in relation to optimising productivity and safety.
- To conduct assessments and other technical missions on behalf of MAG in country and worldwide as required by the CD and Regional Programmes Manager.
- Deputise for the TOM when required including assuming operational management responsibility.

Capacity building and HR

- Assist the TOM and Standards & Training Manager (STM) with the design, development, delivery and evaluation of appropriate training programmes for deminers and other technical personnel.
- Support the TOM and STM in the day-to-day training and development of national staff to conduct mine and EOD clearance activities according to MAG Standard Operating Procedures.
- Assist the CD/TOM with the recruitment of national technical staff.

- Motivate and develop the technical team to perform to a high standard.
- Build and maintain good working relationships with all national staff to optimise capacity building objectives.

Communication and Reporting

- Ensure that the TOM is fully briefed on all technical and operational issues and any technical difficulties arising.
- Assist the TOM in providing relevant and useful information and case studies to the CD.
- Submit accurate operational reports as directed by the TOM and produce other technical reports and documents as and when required.
- Ensure good understanding of all aspects of the programme/project. Ensure staff are made aware of wider programme issues, developments and achievements within MAG.
- Ensure that accurate and thorough reports following investigation into all incidents/accidents are completed and provided to TOM with details of appropriate action taken, in accordance with MAG policies and procedures.
- Contribute to internal discussion and planning designed to improve MAG's performance, results and impact in humanitarian mine action.
- Liaise with and represent MAG to donors, implementing partners, local officials and other agencies to further MAG's aims and ensure operational efficiency.

Health, Safety and Security

- Monitor security situation in work location and areas of operations ensuring that the TOM is kept informed of security risks and developments.

All International staff are expected to undertake the following general duties:

- Work within the framework of MAG's core values, promoting its ethos and mission statement.
- Work towards achieving programme and/or department business plan objectives
- Ensure familiarity with and adhere to all MAG policies and procedures and keep informed of MAG activities
- Undertake and apply learning from appropriate training and development programmes.
- Undertake role in developing countries and areas in conflict where standards of living may be basic.
- Undertake the role in a manner appropriate to the cultural context and within the local legal framework.
- Understand and uphold the standards outlined in MAG's Safeguarding Framework, acting with due care and attention to safeguard the wellbeing of anyone that comes into contact with MAG's work and reporting concerns if they do arise.

This is a non-contractual document that can be varied from time to time as circumstances dictate. This job description is intended to summarize the main duties and responsibilities of the post; this is not intended to be a full and exhaustive list of tasks. All MAG staff are expected to demonstrate flexibility and willingness to perform appropriate tasks when the need arises.

This Job Description is intended to provide reasonable demonstration of the responsibilities of a Technical Field Manager, but maybe adjusted to reflect Programme context.

Person Specification

Essential Experience

- Experience of working in mine clearance/EOD/SALW operations in developing countries that are contaminated by remnants of conflict
- Experience of managing field operations
- Experience of leading, motivating and managing a diverse team of people
