

Job Specification: WAM Technical Field Manager Perú

Department:	Programmes
Scale:	Technical 3
Line managed by:	Technical Operations Manager
Responsible for line managing:	National Staff
Location:	Perú

MAG’s Vision is a safe future for women, men and children affected by violence, conflict and insecurity. People will live in communities where their rights are upheld, with dignity and choice and free from fear from mines, explosive remnants of war (ERW) and the impact of small arms and light weapons and ammunition.

MAG’s Mission is to save lives and build safer futures. We will use our core skills and distinctive competence to save lives through the removal of mines and ERW, and reduce the impact of small arms, light weapons and ammunition on people and communities. How we do this is as important as what we do – we work primarily with and for communities, for us ‘it’s all about people’.

MAG’s Values. Our values come to life through our actions, every day. How we act has an impact on others. As someone who works at MAG, you can help to create a positive culture by demonstrating our values through your own behaviour and actions. Everyone has a role to play in shaping our culture. Everyone should understand our values and is encouraged to think how they are relevant to their individual role.

- DETERMINED** - we work with purpose
- EXPERT** - through excellence and expertise we build trust
- INTEGRITY** - we strive to do the right thing
- COMPASSION** - people come first in everything we do
- INCLUSIVE** - we are inclusive, and we value diversity

Job Purpose:
To implement all aspects of Weapons and Ammunitions Management (WAM) Operations and related tasks in the country of operation in accordance with Standard Operating Procedures and as required by the Technical Operations Manager (TOM).

This will include performing large scale EOD operations country wide, delivery of training to stakeholders, rehabilitation and/or construction of new facilities and monitoring of all staff carrying out technical operations to ensure safe practices and in order to build a local capacity for WAM activities.

To support the TOM in ensuring overall safe execution of all MAG technical activities within the country of operation.

Job Description

Technical

- Conduct WAM technical assessments and perform WAM operations.
- Act as the principle WAM Technical Manager regarding the safe and secure management of ammunition and weapons.
- Ensure full knowledge of and ensure implementation of all Standard Operating Procedures, drills and other work practices.
- Continually conduct risk assessment operations to ensure that the safety of operations is optimal.
- Conduct reconnaissance, survey and clearance of ordnance contaminated areas as directed by the TOM.
- Ensure an in-depth and up-to-date knowledge of all Explosive Ordnance (EO) in the theatre of operations.

- Ensure an in-depth and up-to-date knowledge of all relevant technical equipment in the theatre of operations.
- Support the TOM to ensure the maintenance and safe and appropriate storage of all necessary technical materials and equipment (including explosives and accessories).
- Advise and assist the TOM with the implementation of new systems and procedures in relation to optimising productivity and safety.
- To conduct assessments and other technical missions on behalf of MAG in country and worldwide as required by the Country Director (CD) and Regional Director (RD).
- Deputise for the TOM when required including assuming operational management responsibility.

Capacity building and development

- Assist the TOM to adapt, development, delivery and evaluation of appropriate WAM training packs for Government officials in accordance with the MAG principles.
- Support the TOM On the Job Training (OJT) and development of Government Officials to conduct EOD activities according to MAG Standard Operating Procedures.
- Motivate and develop the technical team to perform to a high standard.
- Build and maintain good working relationships with all Government Officials to optimise capacity building objectives.

Communication and Reporting

- Ensure that the TOM is fully briefed on all technical and operational issues and any technical difficulties arising.
- Assist the TOM in providing relevant and useful information and case studies to the CD.
- Submit accurate operational reports as directed by the TOM and produce other technical reports and documents as and when required.
- Ensure good understanding of all aspects of the programme/project. Ensure staff are made aware of wider programme issues, developments and achievements within MAG.
- Ensure that accurate and thorough reports following investigation into all incidents/accidents are completed and provided to TOM with details of appropriate action taken, in accordance with MAG policies and procedures.
- Contribute to internal discussion and planning designed to improve MAG's performance, results and impact with WAM
- Produce quality technical assessment reports detailing technical and financial rationales for recommended interventions.
- In co-ordination with the TOM/SMiC, liaise with and represent MAG to donors, implementing partners, local officials and other agencies to further MAG's aims and ensure operational efficiency and effectiveness.

Health, Safety and Security

- Monitor security situation in work location and areas of operations ensuring that the TOM is kept informed of security risks and developments.

All International staff are expected to undertake the following general duties:

- Work within the framework of MAG's core values, promoting its ethos and mission statement.
- Work towards achieving programme and/or department business plan objectives.
- Ensure familiarity with and adhere to all MAG policies and procedures and keep informed of MAG activities
- Undertake and apply learning from appropriate training and development programmes.
- Undertake role in developing countries and areas in conflict where standards of living may be basic.
- Undertake the role in a manner appropriate to the cultural context and within the local legal framework.
- Understand and uphold the standards outlined in MAG's Safeguarding Framework, acting with due care and attention to safeguard the wellbeing of anyone that comes into contact with MAG's work and reporting concerns if they do arise.

This is a non contractual document that can be varied from time to time as circumstances dictate. This job description is intended to summarize the main duties and responsibilities of the post; this is not intended to be a full and exhaustive list of tasks. All MAG staff are expected to demonstrate flexibility and willingness to perform appropriate tasks when the need arises.

Some Job Descriptions may be supplemented by specific Terms of Reference

Person Specification

Essential Qualifications

Relevant and recognized Military/ Police minimum EOD3 qualification, EOD 3+ and/or CBRN and/ or IEDD is an advantage.
