Job Specification: WAM Technical Field Manager

Department:	Programmes
Scale:	Technical 3
Line managed by:	Technical Field Manager Manager-Team Leader (TFM-TL)/Country Director
Responsible for line managing:	National Staff
Location:	Overseas

MAG's Vision is a safe future for women, men and children affected by violence, conflict and insecurity. People will live in communities where their rights are upheld, with dignity and choice and free from fear from mines, explosive remnants of war (ERW) and the impact of small arms and light weapons and ammunition.

MAG's Mission is to save lives and build safer futures. We will use our core skills and distinctive competence to save lives through the removal of mines and ERW, and reduce the impact of small arms, light weapons and ammunition on people and communities. How we do this is as important as what we do – we work primarily with and for communities, for us 'it's all about people'.

MAG's Values. Our values come to life through our actions, every day. How we act has an impact on others. As someone who works at MAG, you can help to create a positive culture by demonstrating our values through your own behaviour and actions. Everyone has a role to play in shaping our culture. Everyone should understand our values and is encouraged to think how they are relevant to their individual role.

DETERMINED - we work with purpose

EXPERT - through excellence and expertise we build trust

INTEGRITY - we strive to do the right thing

COMPASSION - people come first in everything we do

INCLUSIVE - we are inclusive, and we value diversity

Job Purpose:

To implement all aspects of Weapons and Ammunition Management (WAM) Operations and related tasks in country of operation in accordance with Standard Operating Procedures and as required by the TFM-TL

This will include coordinating and providing technical oversight on WAM type projects from the initial project design, rehabilitation and/or construction of new facilities through to development of a sustainable National capacity.

To support the TFM-TL and SMiC in ensuring overall safe execution of all MAG technical activities within the country of operation.

Job Description:

Technical

- Conduct SALW and PSSM technical assessments and supervise field operations of MAG WAM Operations.
- Manage the operational tasking process for all WAM type contracts including technical assessments, physical rehabilitation and/or construction of ammunition storage facilities, as requested by the TFM-TL or SMiC
- Drafting for approval National SALW and PSSM standards using best practice identified in the IATGs and MOSAIC's as a baseline.
- Implementing the IATG Risk Reduction Process Levels, (basic, intermediate, or advanced levels), thereby making IATG's relevant through an understanding of diverse national capacities.
- Support the TFM-TL in the day-to-day planning and implementation of WAM support operations.
- Support the TFM-TL/SMiC to ensure the maintenance and safe and appropriate storage of all necessary technical materials and equipment (including explosives and accessories).

- Advise and assist the TFM-TL/SMiC with the implementation of new systems and procedures in relation to maximising productivity and safety.
- To conduct assessments and other technical missions on behalf of MAG in country and worldwide as required by the SMiC, Regional Director, Regional Programmes Manager and WAM STA.
- Deputise for the TFM-TL/SMiC when required including assuming operational management responsibility.

Training and Capacity Development

- Technical PSSM Ammunition Stockpile Management training to host Government officials in accordance with the UN SaferGuard Programme.
- Technical SALW Management training to host government officials in accordance with MOSAIC.
- Assist the SMiC/TFM-TL with the recruitment of national technical staff.
- Motivate and develop the technical team to perform to a high standard.
- Build and maintain good working relationships with all national staff to maximise Capacity Development objectives.

Communication and Reporting

- Ensure that the TFM-TL/SMiC is fully briefed on all WAM Operational issues and any technical difficulties arising from project implementation.
- Assist the TFM-TL/SMiC in providing relevant and useful information and case studies to the CD.
- Submit accurate WAM Operational reports as directed by the TFM-TL/SMiC, and produce other WAM technical reports and documents as and when required.
- Ensure good understanding of all WAM technical aspects of the project, ensuring staff are made aware of wider programme issues, developments and achievements within MAG.
- The accurate and thorough investigation and reporting of any WAM related incidents/accidents, with full details being provided to TFM-TL/SMiC, along with recommendation for appropriate follow up action taken, in accordance with MAG policies and procedures.
- Contribute to internal discussion and planning, designed to improve MAG's performance, results and impact with WAM.
- Liaise with and represent MAG to donors, implementing partners, local officials and other agencies to further MAG's aims and ensure operational efficiency and effectiveness.
- Actively participate in the MAG WAM Community of Practice.

Health, Safety and Security

- Monitor security situation in work location and areas of operations ensuring that the TFM-TL/SMiC is kept informed of security risks and developments.

All International staff are expected to undertake the following general duties:

- Work within the framework of MAG's core values, promoting its ethos and mission statement.
- Work towards achieving programme and/or department business plan objectives
- Ensure familiarity with and adhere to all MAG policies and procedures and keep informed of MAG activities
- Undertake and apply learning from appropriate training and development programmes.
- Undertake role in developing countries and areas in conflict where standards of living may be basic.
- Undertake the role in a manner appropriate to the cultural context and within the local legal framework.
- Understand and uphold the standards outlined in MAG's Safeguarding Framework, acting with due care and attention to safeguard the wellbeing of anyone that comes into contact with MAG's work and reporting concerns if they do arise.

This is a non-contractual document that can be varied from time to time as circumstances dictate. This job description is intended to summarize the main duties and responsibilities of the post; this is not intended to be a full and exhaustive list of tasks. All MAG staff are expected to demonstrate flexibility and willingness to perform appropriate tasks when the need arises.

Some Job Descriptions may be supplemented by specific Terms of Reference.
