

## MAG 24 02 Medical: Questions & Clarifications

- 1) Would it be possible to clarify whether you are looking to award one supplier to cover all three lots or will you award on a Lot by Lot or line by line/kit basis?**
  - a) You are invited to bid on all 3 lots. If you submit a bid for just 1 or 2 lots, this will be considered a valid submission. If a submission does not cover all line items in a lot, then it will not be considered as a valid submission. If your submission covers all of the items in lot 1, but only some in lot 2 or 3, then only the submission covering lot 1 will be considered as valid.
  
- 2) Would you be able to add any approximate Lot by Lot value of this contract and projected/estimated usage of each separate product line?**
  - a) We cannot offer an approximate value lot by lot. We cannot offer a projected or estimated usage for each product line as the procurement needs for each country programme vary each year.
  
- 3) Is it possible to quote in sterling (GBP)?**
  - a) Yes. However, MAG would prefer all prices to be expressed in USD. If you cannot submit a bid in USD, we will accept your working currency and compare using MAG monthly exchange rate. MAG uses the [European Commission monthly exchange rate](#). This is to allow for a fair comparison of prices. Following the award of the contract the working currency will be decided between MAG and the contracted party.
  
- 4) Could you please advise if we could quote on a different brand on the spine board and head block.**
  - a) No. The Spine board and headrest specified brand is Ferno and no alternatives will be accepted.
