CLARIFICATIONS ON QUESTIONS **03 November 2026**

Ref #: PD26.PGPM.039 PROVISION OF RADIOS TO PNGCS

Question 1:
"*Please advise reference the proposed radios are VHF Or UHF*
And what PoC platform they're using IE Zello"
Answer 1:
VHF. End user IT dept will program devices according to PoC platform need to ensure compatibility with other models already in use.

Question 2:
"*Your current notice lists 10 November; please confirm the applicable submission deadline"*
Answer 2:
Submissions deadline is 16 November, 23:30 GMT.

Question 3:
"*Could you confirm that this enquiry is still open, overseas supplier eligibility and the applicable payment milestones"*
Answer 3:
International suppliers are welcome to submit as long as all criteria are met. Payment to international suppliers possible and details will be determined during agreement negotiations. MAG intends to sign a Procurement Agreement with the winning bidder. Payment will be made through Bank Transfer as per the agreement's terms and conditions. Within 30 days of, 100% on delivery of all items, including proof of active NICTA licenses and sim card activations (stated in Tender Instruction Sheet).

Question 4:
"*Are we going to create an account on your website for the submission of the application"*
Answer 4:
No. Submissions to be sent to the e-mail as indicated in Section 3.2 of the Tender Instruction Sheet tenders.png@maginternational.org

Question 5: "*The IRC380 has a capability of DMR UHF and DMRVHF. May clarify weather you prefer with UHF or VHF. Furthermore, advise if you have any current IRC380 radios have the frequencies connect to. Provide any additional information surrounding this"*
Answer 5: VHF. End user (PNGCS) to program frequencies according to their need.

Question 6:
"*Tender review and winner announcement Timeline after the submission date. This is to ensure that we inform the manufacturer about the date so that that can have accurate production batch"*
Answer 6:
Tenders to be reviewed during the latter part of November. Announcement shortly after that depending on the number of submissions. Winner should be notified by end of November 2026; unsuccessful bidders notified by 15 Dec 2026.

Question 7:
"*Contract Period, how long will this service be provided to PNGCS/MAG PNG Ltd"*
Answer 7:
Specifications state that one of the requirements are supplying a 12-month prepaid subscription for data and 1-year registration with NICTA.

Question 8:
"*The Two Radio particular Radio models have two SIM slots, will you be using the other SIM slot for voice call using your CUG Numbers if available. Please provide more information on this"*
Answer 8:
No. Only one data sim is requested. Use of the second sim card slot will be dependant on the end user and does not form part of this tender.

Question 9:
"*However the supplier license are still with NICTA and pending release .*
Is this will possible for us to submit our BID or we need to collect from NICTA first"
Answer 9:
Bids can be submitted but to include all costs, Value Added Tax (VAT), duties, levies, insurance, freight (transport cost), packaging, and any other locally applicable taxes, registrations, licenses and subscriptions that will form part of the financial proposal.

The final award will be evaluated taking into account the company profile and other criteria mentioned in Section 5.3 of the Tender Instruction Sheet.

Question 10:

"******** *is an independent business introducer, not a bidder. Before contacting specialist suppliers of the exact Inrico model, could you please confirm whether MAG permits introductions of authorized equipment distributors who would then bid in their own names and meet all required warranty, after-sales service and compliance requirements*"

Answer 10:

Although MAG do not have objections to brokers who identify and engage relevant suppliers to facilitate tender bids, MAG does not pay commissions or service fees. Any such items should be included in the tender pricing.
